Teacher/Administrator: \_\_\_\_\_

Dear parents,

I have chosen to use the Klassly App to facilitate communication between school and home, and highlight the daily work and activities of your children. The Klassly app is fully secure and RGDP compliant. You may access it on any device by downloading the app or online: [klass.ly](https://klass.ly)

I may post pictures or videos in which your children appear, as well as work/activities in various formats (*audio recordings, videos, writings, drawings etc.*). At the end of the year, class members only are able to order a Klassbook, in paper or digital format, individually composed from the photos posted on Klassly to keep as a memory of the school year.

In order for me to publish images/videos or works of your children, Klassly will require your written authorization on this consent form. If you do not consent, your child and their work will not appear on Klassly or their face will be blurred.

**Klassly is an app for friendly and well-intended communication between parents and teachers.**

With my best intentions for all future communication, **I hereby certify on my honor that I will :**

- Never distribute publicly, especially on social media (*Facebook, Twitter, Instagram etc.*) the photos and/or videos that are accessible to me in the strictly private setting of the Klassly App.
- Maintain a respectful attitude towards others users, teachers, animators, parents or students through public or private communications and in the various messages posted on the application.
